Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator and Treasurer of School Moneys, the activities of the Board of Education and the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

Insurance

Fire insurance coverage was carried in the amounts as detailed on J-20, Insurance Schedule contained in the District's CAFR.

Official Bonds (N.J.S.A. 18A:17-26, 18A:17-32, 18A:13-13)

Name	Position	Amount
Peter Daquila	Business Administrator/Board Secretary	\$300,000
Tatiana Gilbert	Assistant Business Administrator	\$150,000
Annette M. Wells	Treasurer of School Moneys	\$335,000

There is a Public Employees' Faithful Blanket Position Bond covering all other employees with coverage of \$100,000.

Tuition Charges

A comparison of tentative tuition charges and actual certified tuition charges was made. The District made a proper adjustment to the billings to sending Districts for the increase or decrease in per pupil costs in accordance with N.J.A.C.~6A:23A-17.1(f)3.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid during the period indicated no exceptions with respect to signatures, certification or supporting documentation.

Payroll Account and Position Control Roster

The net salaries of all employees of the Board were deposited in the payroll account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the payroll agency account.

All payrolls tested were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/Business Administrator.

Salary withholdings were promptly remitted to the proper agencies, including health benefits premium amounts withheld due to the general fund.

Payrolls were delivered to the Treasurer of school monies with a warrant made to her order for the full amount of each payroll.

No exceptions were noted during our testing of payroll.

An inquiry and subsequent review of the Position Control Roster did not identify any inconsistencies between the payroll records, employee benefit records, the general ledger accounts to where wages are posted, and the Position Control Roster.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made as of June 30, 2018 for proper classification of orders as reserve for encumbrances and accounts payable and no exceptions were noted.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-16.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selected targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. As a result of the procedures performed, a transaction error rate of 0% overall was noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

Board Secretary's Records

Our review of the financial and accounting records maintained by the Board Secretary did not disclose any exceptions.

Treasurer's Records

Our review of the financial and accounting records maintained by the Treasurer did not disclose any exceptions.

Unemployment Compensation Insurance Trust Fund

The District has adopted the direct reimbursement method and has established an Unemployment Compensation Insurance Trust Fund. The financial transactions of this fund are reported in the Fiduciary Fund. No exceptions were noted.

Elementary and Secondary Education Act (E.S.E.A.) as amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the Comprehensive Annual Financial Report (CAFR). This section of the CAFR documents the financial position pertaining to the projects under Titles I and IV of the Elementary and Secondary Education Act as amended and reauthorized.

The study of compliance for E.S.E.A. indicated no areas of noncompliance and/or questionable costs.

Other Special Federal and/or State Projects

The District's special projects were approved as listed on Schedules A (K-3) and B (K-4) located in the CAFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

The study of compliance for the special projects indicated no instances of noncompliance that are required to be reported in accordance with the Uniform Guidance or NJ OMB 15-08.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursement filed with the Department of Education for District employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

Nonpublic State Aid

Our review of the Nonpublic State Aid completion reports disclosed no exceptions.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

The bid thresholds in accordance with N.J.S.A. 18A:18A-2 and 18A:18A-3(a) are \$40,000 with a Qualified Purchasing Agent and \$29,000 without a Qualified Purchasing Agent, respectively. The law regulating the bidding for public school transportation contracts under N.J.S.A.18A:39-3 is \$19,000 in 2017-18. The District by resolution has appointed the School Business Administrator as a Qualified Purchasing Agent increasing the legal bid threshold to \$40,000.

The District board of education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

Procedures were performed on a test basis, to indicate if any individual payments, contracts, or agreements were made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4, as amended. No exceptions were noted.

School Food Service

The school food service program was not selected as a major federal and/or State program. However, the program expenditures exceeded \$100,000 in federal and/or State support. Accordingly, we inquired of school management and appropriate school food service personnel as to whether the SFA had any Child Nutrition Program reimbursement overclaims or underclaims and as to whether the SFA's expenditures of food service revenues were limited to allowable direct and indirect costs. No exceptions were noted.

Exhibits reflecting Child Nutrition Program operations are included in the B-4 through B-6 section of the CAFR.

The Statement of Revenues, Expenses, and Changes in Fund Net Position (CAFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

Net cash resources exceeded three months average expenditures.

Student Body Activities

Our audit procedures included a test of items selected from cash receipts and disbursements for the student activity accounts. No exceptions were noted during this testing.

Application for State School Aid

Our audit procedures included a test of information reported in the October 13, 2017 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the handicapped, low-income and bilingual. We also performed a review of the District procedures related to its completion. The information on the A.S.S.A. was compared to the District workpapers with no exceptions noted. The information that was included on the workpapers was verified as presented in the Schedule of Audited Enrollments. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed state forms or their equivalent.

The District has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on-roll status reported in the 2017-2018 District Report of Transported Resident Students ("DRTRS"). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report without exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. The District did not purchase any buses during the 2017-2018 school year. We noted no exceptions in our review of transportation related purchases of goods and services.

Facilities and Capital Assets

Our procedures included a review of the New Jersey Schools Development Authority ("NJSDA") grant agreements for consistency with recording NJSDA revenue, transfer of local funds from the general fund or from the capital reserve account, and awarding of contracts for eligible facilities construction. No exceptions were noted.

Testing for Lead of All Drinking Water in Educational Facilities

The school district adhered to all the requirements of N.J.A.C. 26-1.2 and 12.4 related to the testing for lead of all drinking water in educational facilities.

The school district submitted the annual Statement of Assurance to the Department of Education, pursuant to N.J.A.C. 6A:26-12.4(g).

Follow-up on Prior Year's Findings

In accordance with *Government Auditing Standards*, our procedures included a review of all prior year recommendations. There were no prior year findings.

There were no audit reports issued by the Office of Fiscal Accountability and Compliance (OFAC) during the 2018 fiscal year.

Acknowledgment

We received the complete cooperation of all the officials of the School District and we greatly appreciate the courtesies extended to the members of the audit team.
