## SPECIAL EDUCATION PARENT ADVISORY GROUP

### WHAT IS CHATHAM SEPAG?

Chatham SEPAG is a solution-oriented parent advisory group that represents students and families who receive special education services through the School District of the Chathams (SDOC). SEPAG works to provide direct input to our district leaders regarding the policies, programs and services impacting the special education community. The group collaborates with district staff, administrators, Board of Education members and the local community to facilitate engagement and open, transparent communication in order to create the best possible outcomes for all learners.

### HOW DOES CHATHAM SEPAG HELP?

- Shares information about relevant programs and events in the community through the district website, distribution lists, and a Facebook page
- Provides educational and social events to inform and support parents and SDOC staff
- Hosts monthly meetings where system-wide issues gathered by the group are shared and discussed
- Meets quarterly with district staff to advise on issues

### HOW CAN I PARTICIPATE?

- Attend Chatham SEPAG sponsored events and/or provide feedback on system-wide issues
- Share ideas for parent support to Chatham SEPAG representatives listed on the SDOC website or Chatham SEPAG Facebook page
- Request to join Chatham SEPAG by contacting a representative
